Interactive Online Learning Workshops with Game-U

Character Design Workshop

is offering a free online workshop powered by the professionals at Game-U Accelerate!

Cost: Free | Workshop Duration: 1 Hour | Up to 15 students online

Character Design Workshop. Artistically inclined? Immerse yourself! Whether it's 3D, 2D, digital, or traditional, art plays a major role in character and game design. In this one hour activity, students will learn what it takes to make a great character! They will then spend a short amount of time sketching a character of their own and showing it to our professional game developer. Finally, participants will get to see how a 3d game character is modeled, framed, and colored.

July 13th at 11:00AM
